Play continues until all cards from the grid have been played.

DOUBLE JEOPARDY! ROUND:

At the conclusion of the Jeopardy! Round, host will assemble another 5 X 5 card grid with the Double Jeopardy! Cards. Double Jeopardy! Round cards should feature the category name and monetary value on the card back. Values are \$400; \$800; \$1200; \$1600 and \$2000. Play continues as in the Jeopardy! Round with point values now doubled.

FINAL JEOPARDY! ROUND:

NOTE: All players will need paper and a pencil/pen to record their responses in the Final Jeopardy! Round. The host reads the Final Jeopardy! category aloud. Then, players may wager any portion of their bank (the cards they have earned through the Jeopardy! and Double Jeopardy! Rounds) in Final Jeopardy!, by recording the amount on their paper.

When all players have placed their wagers, the host shall read the Final Jeopardy! clue, following which all players will have 60 seconds to write down their response (In the form of a question!).

Once the :60 is up, the host will ask the players to reveal their responses in the order of the player with the least earnings to the player with the most. The host shall add or subtract the wagered amount from each player's respective earnings to determine the winner.
