**CONTENTS:**

- 1 TOWER containing 8 different colored balls
- 16 CUBES – 2 Sets of 8 (1 white set, 1 gray set)
- Instructions

**OBJECT:**

Stack your Cubes in the same color order as the balls in *The TOWER*!

**WINNING:**

The first Player to stack his/her Cubes in the correct order wins the Round!

The first Player to win 3 Rounds wins the game!

**GET READY TO PLAY:**

- Each Player takes a set of 8 Cubes. Note the cubes are in 2 sets – one white, one gray - so make sure each player has the same color cubes in his/her set of 8.
- Place the Cubes with the silly face-side-up.
- Place *The TOWER* in the center of the playing area.
- One of the Players turns *The TOWER* upside down and shakes it.
- Turn *The TOWER* right-side up. As soon as all 8 Balls are in *The TOWER*, play begins. *GO!*

**LET'S PLAY!:**

1. Observe the color order of the Balls in *The TOWER*.
2. Each Players stacks his Cubes in the same color order as the Balls in *The TOWER*. It's a race! Simultaneous play!
3. The first Player to stack his Cubes in the same color order as the Balls in *The TOWER* wins the round! This might sound easy, but chances are you will NOT be able to match the pattern correctly right away and will have to reconfigure your stack of cubes to get the color pattern correct!
4. The first Player to win 3 rounds wins the game!

**NOTE:** Place each Cube so the color is facing out (not up). The colors on the cubes are back-to-back, so your stack should face YOU and YOUR OPPONENT.

**Watch out! You might stack your cubes and find you need a color that isn't available. If this happens, try changing the order of your Cubes !**

**WARNING:**  
CHOKING HAZARD—Small parts.
